### 3.6 Competition Format 500 mt + D

The Roller Speed Skating competition at the Summer Youth Olympic Games Buenos Aires 2018 will comprise two events, Men's Combined and Women's Combined, with twelve skaters in each event. The event consists of three distances (phases); 500m Sprint, 1000m Sprint and 5000m Elimination. All skaters compete in all distances. Races will be timed automatically, with an accuracy of one thousandth of a second.

Skaters compete in heats (sprint) or start together (elimination). The starting order for each distance is established by the WSK.

500m +D Sprint: There will be three Rounds; Quarterfinals (four heats with three skaters), Semifinals (two heats with four skaters) and Final (four skaters). The first two skaters from each heat progress to the next round.

1000m Sprint: There will be two Rounds; Semifinals (two heats with six skaters) and Final (six skaters). The first place from each heat and the four best times qualify for the Final.

5000m Elimination: All 12 skaters start the race. At each of seven single elimination points (15, 13, 11, 9, 7, 5 and 3 laps to go) the last skater is eliminated. The remaining five skaters then compete in the final sprint.

The event results are based on points. The winner of each distance is awarded 14 points, second place 13 points, third place 12 points and the remaining places 4-14 are awarded from 11 points down to 1 point. Points in the 500m+D Sprint and 1000m Sprint distances are assigned based on times in the last completed round.

The final ranking of skaters is based on the total number of points earned in the three phases (higher points=higher rank).

## 3.7 Sport Rules & Procedures

The track is 200 metres long.

Races will be timed automatically, with an accuracy of one thousandth of a second.

Skaters compete in heats (sprint) or start together (elimination). The starting order for each distance is established by The WSK.

**500m+D Sprint:** There will be three Rounds; Quarterfinals (four heats with three skaters), Semifinals (two heats with four skaters) and Final (four skaters). The first two skaters from each heat progress to the next round.

**1000m Sprint:** There will be two Rounds; Semifinals (two heats with six skaters) and Final (six skaters). The first place from each heat and the four best times qualify for the Final.

**5000m Elimination:** All 12 skaters start, thereafter seven single eliminations every two laps (15, 13, 11, 9, 7, 5, 3 laps to go). The remaining five skaters to complete the final sprint.

The event results are based on points. The winner of each distance is awarded 12 points, second place 11 points, third place 10 points, and the remaining places 4-12 are awarded from 9 points down to 1 point. In the 500m and 1000m Sprint points athletes are ranked by finishing position in the final, and then by times achieved in the last round completed (Semifinal or Quarterfinal). In the 5000m Elimination athletes are ranked by finishing position, and then by number of laps completed before elimination.

The final ranking of skaters is based on the total number of points earned in the three phases (higher points=higher rank).

### Tie Break Rules

Distance:

- If two or more competitors are tied to the thousandth of a second, they will receive the same rank. If the tie is for a qualification place, all tied competitors will qualify for the next round. If the tie is for the final ranking within one of the three distances, all tied competitors will receive the number of points normally associated with the tied place (e.g. if two competitors are tied for 1st place in a distance, both will receive 12 points. The third placed competitor will receive 10 points as normal).

Event (only applicable after the 5000m Elimination):

- If two or more competitors are tied to the same number of points, the better place obtained in the 5000m Elimination will break the tie. If the competitors remain tied, they will share the same classification.

### Penalties/Disqualification Rules

A breach of WSK competition rules is part of the normal competition and will either cause a reduced in rank ("RR") or disqualification ("DSQ"). If such a decision is taken, the concerned athlete may or may not be considered for placing in a phase or event.

### Protests/Appeals

- a) The Chief Referee is the body of first instance for all the claims concerning the sanctions.
- b) The Technical Committee is the body of first instance for claims concerning all the aspects of general regulations of Speed Technical Committee.
- c) Each Delegation has the right to make a claim during the competition against the decision about the order of arrival. The reasons behind the claim must be described in writing and given to the Chief Referee within 15 minutes of the end of the race or after the official announcement of the result.

## 8.6 Doping Control

The International Olympic Committee (IOC) is the supreme authority of the Olympic Movement and, in particular, of the Olympic Games. Any person who belongs in any capacity to the Olympic Movement is subject to the provisions of the Olympic Charter and must comply with the decisions of the IOC.

The Olympic Charter reflects the importance that the IOC gives to the fight against doping in sport and its support for the World Anti-Doping Code (the Code) adopted by the IOC.

The IOC, as signatory to the code, has established and adopted these Anti-Doping Rules in accordance with the Code, hoping that it contributes to the fight against doping in the Olympic Movement. The Rules are complemented by other IOC and WADA documents including, among others, the International Standards.

These Rules are applied at the Summer Youth Olympic Games Buenos Aires 2018. They shall apply, without limitation, to all doping controls over which the IOC has jurisdiction in relation to the Summer Youth Olympic Games Buenos Aires 2018.

In accordance with these Rules, the IOC has delegated some of its responsibilities related to the implementation of all or part of the Doping Control in relation to the Summer Youth Olympic Games Buenos Aires 2018 to the ITA (International Testing Agency). The ITA may in turn sub-delegate the responsibility to implement all or part of the Doping Control to the Organizing Committee of the Summer Youth Games Buenos Aires 2018.

BAYOGOC will develop and update an effective test distribution plan for the Games that meets the requirements of the International Standard for Testing and Investigations. The ITA must approve and is responsible for overseeing the implementation of said test distribution plan and any subsequent changes to it.

BAYOGOC will be the exclusive provider of services for all doping control tests at the doping control stations (DCS) assigned for that purpose and will be responsible for establishing the necessary infrastructure and operational provisions to implement the Doping Control Program, including the collection, storage and transportation of samples to the WADA-accredited laboratory for the corresponding analysis.

The main objective of the technical procedures for the Doping Control Program is to plan the tests effectively and maintain the integrity, identity and privacy of the collected samples. Doping control procedures will never interfere with any Victory Ceremony.

The objectives are to preserve the dignity of Olympic sport and protect the fundamental right of athletes to participate in doping-free sport, thus promoting health, equity and equality in the competition.

For this purpose, BAYOGOC has implemented Doping Control Stations in fixed (permanent space with fixed opening and closing times to collect the assigned samples) and mobile (non-permanent space which times will adjust to collect the assigned samples) modalities that will be located at:

- Youth Olympic Village: Residential Zone

- Youth Olympic Park: located at the America Pavilion to control Boxing, Athletics, Modern Pentathlon, Gymnastics, Hockey5s, Karate, Judo, Weightlifting, Wrestling, Taekwondo, Fencing, Swimming and Diving.

- Welcome Centre
- Workforce Entrance
- YOY Warehouse

Public forces will monitor outside these limits. Personnel deployed at strategic positions and a rounds system will be established in order to monitor, prevent and deter any behaviour contrary to BAYOGOC's security policies and/or national laws. In addition, there will be increased security between YOY and the the nearby shopping centre.

Parks will undergo a security sweep and lockdown period prior to the Games. This will be conducted by public security agents, who specialise in searching for prohibited or dangerous items that may threaten the venue and its occupants. After these procedures, the Parks will be considered clean and locked down.

During the lockdown period, all safety and security procedures will be implemented and access control will be activated with support of security technology. Security patrols will also be in place during lockdown. Throughout this period, no individual, vehicle, or equipment can enter the Parks without an accreditation and the relevant security checks.

### Security at Stand Alone Competition and Training Venues

## 8.10 Focus Day

"IF Focus Day" activities are part of the International Olympic Committee's Athlete Education Programme. Each International Federation (IF), in coordination with BAYOGOC (Buenos Aires 2018 Youth Olympic Games Organising Committee) will develop different educational activities for athletes during the Youth Olympic Games Buenos Aires 2018.

It will be a great opportunity for all athletes to experience different activities outside of competition and training in the spirit of the Games. The purpose of these activities is to promote cultural exchange, new knowledge, the development of new abilities and skills for personal and career development; while inspiring athletes with the Olympic values of excellence, friendship, and respect in every educational activity organised by the International Federations.

### Organisation and Activities description

The duration of each activity can range from 1 hour to the entire day. Each sport will have its own activity format, and in some cases there will be two or three Focus Day sessions for the same sport, which means that the athletes will be divided in groups so that they can participate in one of the sessions as defined by the IF.

Athletes Role Models (ARMs), star athletes chosen by the International Federations and approved by the International Olympic Committee, will take part in most Focus Day to encourage athletes to participate in the various educational proposals.

The activities are not designed for every discipline individually; thus, all athletes are expected to participate for their sport. For individual sports, a maximum of 1 Team Official per athlete is invited, and for team sports up to 2 Team Officials are invited per team.

## 8.11 Sport Initiation

The Buenos Aires 2018 Sport Initiation Programme is aimed to bring sport to the young athletes, local youth, youth worldwide and all the young participants of the YOG in an innovative, modern and urban approach. Activities will be staged in the four parks across the city (Green Park, Urban Park, Youth Olympic Park and Tecnópolis Park) where the sport competitions will be also hosted.

The programme will feature three different levels of participation to cater for all groups, called Sport Initiation formats (First Timers Format, Play Format and Advanced Format).

### First Timers Format

It was planned for young people experiencing the different sports for the first time and who will benefit from the support of experienced instructors. At the same time, it is a great opportunity to attract children to formal sports and to observe future potentialities.

It is designed for kids between 6 and 12 years old, but anyone who wants to participate can do it. It will be located in strategic spaces called 'Sport Initiation Zones' in the four Parks, as follows:

- Beach Volleyball, Cycling, DanceSport, Polo, Equestrian, Rugby, Tennis, Triathlon, Baseball and Softball will be located in Green Park.
- Basketball 3x3, DanceSport, Parkour, Skateboarding, Roller Sports, Sport Climbing, Canoe-Kayak and Rowing will be located in Urban Park.

- Judo, Karate, Taekwondo, Fencing, Modern Pentathlon, Boxing, Wrestling, Athletics, Weightlifting, Gymnastics, Hockey and DanceSport will be located in Youth Olympic Park.
- BMX Racing and Rink Hockey will be located in 'Paseo la Costa' (Vicente López).

### Play Format

This format is aimed for those visitants who just want to play and practice a sport without preliminary instructions in a friendly, recreative and casual atmosphere. There will be no instructors in this format but the sport equipment needed to run the activity will be provided under volunteers supervision.

The activities that will be available under this format are:

- Basketball 3x3 and Urban Table Tennis in Urban Park.
- Beach Volleyball in Green Park
- Rugby in Club Atlético San Isidro, La Boya.

### Advanced Format

It is aimed for high-leveled young local athletes (Male and Female) that are invited to use the field of play and practice their sport in a Youth Olympic Games setting.

Sport Climbing, Skateboarding, BMX Free Style and Roller Free Style will take place under this format only in Urban Park.

### Sport showcasing

Sports showcasing has been a feature of the YOG since Nanjing 2014 Sports Lab. After a proposal from BAYOGOC approved by the IOC Coordination Commission, Polo and Squash will be part of the Showcasing Programme in Buenos Aires 2018.

The sport showcasing activities are run by the respective recognized International Federations and there is no involvement from the NOCs in the staging or preparation of these activities including financial support for the performers. Invited by the IFs directly in liaison with their National Federations (NF), a limited number of young performers will display their sport but will not compete. BAYOGOC and both IFs are collaborating to define on the exact format of the show and on the invitation process for the performers.

Polo will be shown in Campo Argentino de Polo and Squash will take place in Tecnópolis Park.

### **Local Youth Sport Event**

This massive event is designed for families that will have the possibility to enjoy Roller Sports and Cycling on the City of Buenos Aires. Cycling (Criterium) Field of Play will be the scenario to do a social and fun activity in a healthy and sporting environment in Green Park.
